Subject: water rates in Groom Creek

Ms. Mayes,

We have already sent a letter to the Arizona Corporation Commission stating that we do not think that the water pipes up here need replacement and we certainly do not wish to see our rates increase by the big amount that our water board is asking for.

We would very much like the Yavapai County to pave our roads, but not if we will be paying a lot more in our water rates for improvements to the water lines.

Thank you for your help in this matter.
